INDEX TO VOLUME 65, Nos. 1-6

and including
indexing for Volume 9, Nos. 1 and 2
of the RESEARCH REVIEW, a
quarterly supplement
appearing in Traffic
Safety.

January - June
1965

NATIONAL SAFETY COUNCIL

425 N. Michigan Ave. Chicago, Ill. 60611

AN INDEX FOR

Traffic Safety and its quarterly supplement Research Review, combined into one alphabetical list by author and subject.

January-June, 1965

ACCIDENT COSTS, see ECONOMIC AND SOCIAL ASPECTS

ACCIDENT LIABILITY
The statistical estimation of individual accident liability (Sichel). Research Review, March, 8-15.

ACCIDENT LOCATION, see HIGHWAYS - ACCIDENT LOCATION

ACCIDENTS AND ACCIDENT STATISTICS
The eight billion dollar program of careless Joe Apathy (Buck). Jan., 14-16, 33-34.
Freak squeaks (Dodds). Feb., 21, 38-40.
Frequency-injury rates for colleges and universities for 1961, and 1962 (News from Capitol Hill). March, 12.
The national accident fatality toll. March, 11.
Selected major industrial groups frequency-injury rates table for 1961, and 1962 (News from Capitol Hill). March, 12.
USPHS says accidents caused 104,000 deaths in 1964 (News from Capitol Hill). May 6.
See also HIGHWAYS - ACCIDENT LOCATION; MOTOR VEHICLES - STATISTICS; RESEARCH - CRASH INJURY

Adams, Edward S.
Driver improvement in Iowa. June, 12-13, 38.

ADVERTISING
Automobile advertising--"The emphasis on speed and power is regretable" said Secretary Connor at hearing (News from Capitol Hill). June, 18.
Highway advertising control mandatory program to be proposed (News from Capitol Hill). April, 6.

AIR POLLUTION
Ancient problem..the London of 1661 (Today's traffic). Feb., 7.
President's budget funded many programs (News from Capitol Hill). April, 6, 36.
Pursuant to mandate of the Clean Air Act, a joint government-industry committee was created* (Rosenfield). Jan., 7.
Seven-point air and water pollution program proposed (News from Capitol Hill). Feb., 19.
Silicosis still endangers lives of some American metal miners (Rosenfield).* Jan., 7.
Tonnage of pollutants added to air daily in the form of sulfur dioxide, and automotive emissions (News from Capitol Hill). May, 6.

---

* Extract from article "1964 on Capitol Hill", Jan., 6.

ALCOHOL DRINKING AND DRIVING
Alcohol held big factor in California's July 4 crashes. Feb., 10-12, 34-35.
Chemical tests--drunk driving--narcotic drugs (The legislative hopper). Jan., 17; Feb., 9; March, 17; April,20; May, 26; June, 25.
International alcohol conference. June, 6.
The role of alcohol in fatal traffic "accidents" (Campbell). March, 24-26, 36-37.
See also DRUGS

ASSOCIATIONS
Advertising Council - Campaign to promote defensive driving to be released soon (Between stops). April, 5.
American Assn. of State Highway Officials - M. L. Shadburn elected president of AASHO (People in the news). May, 34.
Auto Industries Highway Safety Committee - Maurice Gladman appointed secretary-treasurer of AIHSC (People in the news). May, 34.
Automobile Manufacturers Association - AMA reaffirms inspection support. March, 35.
Institute of Traffic Engineers - ITE manual. May, 34.
Traffic engineers meet in October, 35 annual meeting. March 6, 42.

AVIATION
FFA proposed new rules governing safety of agricultural aircraft operations* (Rosenfield). Jan., 8.
Federal Airport Construction Program extended P.L. 88-280 (S.1,153)* (Rosenfield). Jan., 8.
President's budget for fiscal year 1966--CAB listed for increase to strengthen aircraft investigation program (News from Capitol Hill). April, 6.
The role of alcohol in fatal traffic (and air) "accidents" (Campbell). March, 24.

AWARDS
American Seat Belt Council traffic safety award given to Elmer Paul of the U. S. Public Health Service (News and views). March, 23.
Announce winner of ATA President's trophy. June, 27.
Driver of the year, Raymond L. Copley, gives his wife credit for his driving success. Feb., 26.
Hoffman award presented to Damon at testimonial luncheon (Jones). Jan., 20, 39.
National Safety Council Metropolitan Life awards for research in accident prevention, 1965. Research Review, March, 7.
Open nominations for Dow award. Jan., 19.
Parade Magazine' 1964 Scenic Highway Award given to portion of New York State's Route 17 (News and views). March, 22.
S. J. Burgess completed 55 years of accident-free driving, sent photo of his first car (News and views). March, 23.
Three winners of the Lubbock, Tex., Citizens Traffic Council's Responsible Citizen Commendations: Barry McFarland, Norman Cobb and Clay Speer (News and views). March, 23.

Baker, John
How we train the men who train our drivers. April, 24-25, 35-36.

---

* Extract from article "1964 on Capitol Hill", Jan., 6.

BETWEEN STOPS
Between stops. Monthly feature.

BICYCLES
Bike safety promoted in summer media kit; and bicycle program sponsored by Homestead, Fla. June, 20-21, 38.
New bicycle film. March, 27.
Traffic's blackest year (Miller). March, 28.
Wisconsin Rapids bike program--primer for future drivers. March, 16, 42.

BOOK REVIEWS
Brake dynamics. Andrew J. White. June, 5.

Bourne, G. Ernest
Twenty-five win instructors' spurs in Utah driver improvement program. May, 18-19.

BRIDGES
A lot of people will use new bridge in New York (Today's traffic). April, 7.

Bronson, Homer D.
"Rating the driver training teacher" (Mr. Bronson replies to "letter to the editor" from R. Ellis). Research Review, March, 6. (See Review June, 1964, 49-50 for article under discussion).

Buck, Donald S.
The eight billion dollar program of careless Joe Apathy. Jan., 14-16, 33-34.

Campbell, Horace E.
The role of alcohol in fatal traffic "accidents." March, 24-26, 36-37.

Carey, Walter F.
A quote from his speech as president of the C. of C. of the U. S. on the responsibilities of the businessmen, and the government for the problems of today* (Rosenfield). Jan., 42.

CHILD SAFETY, see BICYCLES; PEDESTRIANS; SCHOOL HEADINGS

CHURCH ACTIVITIES
Matter for confession--traffic rules infractions (Today's traffic). June, 11.

COLLEGES AND UNIVERSITIES
Fleet courses at Center for Safety Education. Feb., 18.
Frequency-injury rates for colleges and universities for 1961, and 1962 (News from Capitol Hill). March, 12.

Collins, Leroy
A quote from the president of National Assn. of Broadcasters, on the "Querulous dialogue between business on the one hand, and government on the other"... (Rosenfield).* Jan., 42.

---

* Extract from article "1964 on Capitol Hill", Jan., 6.

COMMUNITY SAFETY COUNCILS - STATES - DELAWARE
James T. Ferri elected president (People in the news). May, 34.

CONFERENCES AND EXHIBITIONS
Citizen support studied at women's conferences (Kodani). May, 16-17.
Coming events. Monthly department.
Conference site announced for regional traffic courts. May, 34.
International alcohol conference. June, 6.
International exhibition (Today's traffic). May, 7.
National Conference on the Medical Aspects of Driver Safety and Driver Licensing held (News from Capitol Hill). Feb., 19, 40.
Stapp Crash conference. May, 6.

CRASH INJURY, See RESEARCH - CRASH INJURY

Darlington, M. R., Jr.
A realistic approach to MVI. March, 20-21.

Dodds, Tom
Freak squeaks. Feb., 21, 38-40.

DOGS
Cardboard collar keeps dog in car (News and views). March, 22.

Donigan, Robert L.
Why bail in traffic cases. June, 8-10, 39-40.

DRIVERS - COMMERCIAL
Devices used in Detroit tests reveal driver's reaction to tension. June, 13.
The dispatcher, key man in fleet safety (Heffernan). March, 14-15, 39.
Job within a job (Harman). May, 10-11.
Post Office Department reduced its urban motor vehicle accident rate from 130 per million miles driven in 1953, to 30 in 1964 (News from Capitol Hill). June, 17.
The practical use of projective personality tests as accident predictors (Shaw). Research Review, June, 34-72.
Shaking hands by proxy (Sommerville). Feb., 16-18.
The statistical estimation of individual accident liability (Sichel). Research Review, March, 8-15.
Truckers' pet peeves (Today's traffic). Feb., 7.

DRIVERS - LICENSING
Driver licensing (The legislative hopper). Jan., 17; Feb., 9; March, 17-18; April, 21, 39-40; May, 27, 35-36; June, 25-26.
Eliminated by physical exams, didn't get licenses (Today's traffic). March, 7.
License addition, social security numbers (Today's traffic). April, 7.
Medical aspects of driver licensing: medical deficiencies--detection, evaluation and reporting (Erickson). Jan., 23-25, 32-33.
Medical aspects of driver licensing: three groups seek screening procedures at National Conference. Jan., 22, 33.
Medical deficiencies--detection, evaluation, reporting. June, 42.
S 1350 bill to expand the Driver Register coverage (News from Capitol Hill). June, 18.

DRIVERS - Medical aspects, see MEDICAL aspects

DRIVERS - RESEARCH, see RESEARCH - DRIVERS

DRIVERS - TRAINING AND IMPROVEMENT
Advertising Council to release defensive driving promotion soon (Between stops). April, 5.
Driver education and improvement schools (The legislative hopper). Jan., 17; Feb., 9; March, 17; April, 20-21; May, 26-27; June, 25.
Driver education goes to market--mobile unit shown at shopping centers (Jackson). Jan., 12-13.
Driver improvement in Iowa (Adams). June, 12-13, 38.
Driver improvement course held in Pennsylvania. June, 28.
Enlarged courses feature of 1965 winter driving tests. Jan., 17.
Field courses begin in Driver Improvement Program. Feb., 8, 40.
Fleet courses at Center for Safety Education. Feb., 18.
The great TV traffic test. April, 22-23.
Mobilizing for driver improvement (Imhoff). Jan., 18-19.
One hour in May (McKinlay). May, 22-25, 35.
"Rating the driver training teacher" (Ellis). (A letter to the editor, with reply from H. Bronson). Research Review, March, 6. (See Review June, 1964, 49-50 for article under discussion).
"Talk-out" for teens (Marx and Schlesinger). June, 14-16, 36-37.

DRIVERS - YOUTH
Beautiful propagandists, for Ford Motor Company (Today's traffic). March, 7.
J.E.B. Stuart girls don't date unsafe drivers. Feb., 20, 37-38.
Juvenile drivers (Legislative hopper). Feb., 9; March, 18; May, 35-36; June, 26, 38-39.
"Talk out" for teens (Marx and Schlesinger). June, 14-16, 36-37.

DRUGS
Administration bill, HR 2 to establish special controls for depressant and stimulant drugs (News from Capitol Hill). June, 18.
Drugs and driving (Today's traffic). June, 11.
Mental patients to be used in UCLA drug - driving study. April, 15.
Regulations require industry-wide review of the safety and effectiveness of all drugs for human use* (Rosenfield). Jan., 8.

Eagles, Joe E.
The lawmaker and traffic safety. May, 12-14.

ECONOMIC AND SOCIAL ASPECTS
The eight billion dollar program of careless Joe Apathy (Buck). Jan., 14-16, 33-34.
The lawmaker and traffic safety (Eagles). May, 14.
"Mission Safety-70" launched by President Johnson directed toward federal departments and agencies (News from Capitol Hill). May, 6.
Problems of megalopolis discussed at convention. June, 27.
Traffic's blackest year (Miller). March, 28.

Ellis, Richard D.
"Rating the driver training teacher" (A letter to the editor). Research Review, March, 6. (See Review June, 1964, 49-50 for article under discussion).

---

* Extract from article "1964 on Capitol Hill," Jan., 6.

Ellis, Raymond J.
1965 winter driving tests. April, 18-19, 35.

EMBLEMS
SMV emblem identifies slow-moving vehicle (McFarland). April, 26-27, 38-39.

Erickson, Harold M. and Waller, Julian A.
Medical aspects of driver licensing: medical deficiencies--detection, evaluation and reporting. Jan., 23-25, 32-33.

FAIRS
Freight center of the future shown at GE exhibit at New York World's Fair. June, 29.

FARM SAFETY
FFA proposed new rules governing safety of agricultural aircraft operations* (Rosenfield). Jan., 8.
National Farm Safety Week proclaimed by President Johnson (News from Capitol Hill). June, 18.
P. L. 88-305 (S.1605) amended the Federal Insecticide, Fungicide and Rodenticide Act (Rosenfield).* Jan., 6.
SMV emblem identifies slow-moving vehicle (McFarland). April, 26-27, 38-39.

FEAR
British use "blood and guts" approach with shocking posters during Christmas season (Between stops). Feb., 5.
Signs of success--off-beat sentences are effective in traffic court (Today's traffic). Feb., 7.

FEDERAL, see U. S. GOVT. ACTIVITIES

FILMS
Annual film contest. Jan., 13.
New bicycle film. March, 27.
School bus safety with strings attached (Mockus). Feb., 14-15, 37.

FIRST AID
Drastic remedy--car collision dislodged marble in child's throat (Today's traffic). Feb., 7.
Instant transfusions (Today's traffic). Jan., 9.

FOODS
Compliance date for food additive safety deferred by bill P. L. 88-625 (H. R. 12,033)* (Rosenfield). Jan., 8.

FOREIGN ASPECTS
British bridge automates (Today's traffic). March, 7.
British use "blood and guts" approach with shocking posters during Christmas season (Between stops). Feb., 5.

* Extract from article "1964 on Capitol Hill", Jan., 6.

FOREIGN ASPECTS (cont.)

English driver-reject finds American tests easy (Between stops). May, 5.
Humanity may be losing to cars in the competition for space in which to live and move (Between stops). June, 7. (England).
Japanese bank donates yellow traffic safety arm bands for children. June 28.
Must take consequences of speeding (Today's traffic). March, 7. (Russia)
A new approach (Today's traffic). April, 7. (South Africa)
New publication, Traffic Psychology, to be published (Letter to the editor). Research Review, March, 6. (Germany)
Pedestrian or vehicle? (Today's traffic). April, 7. (Netherlands)
The role of alcohol in fatal traffic "accidents" (Campbell). March, 24-26, 36-37 (Information about U. S., and some European countries).
Six times safer--electronic eye regulates signal-light timing (Today's traffic). June, 11. (Germany).
The statistical estimation of individual accident liability (Sichel). Research Review, March, 8-15. (South Africa).
"Study of school crossing protection" (van der Does-Enthoven) (A letter to the editor, with reply from H. Michael). Research Review, March, 3-4. (See Review, June 1964, 51-56 for article in question)
Top safety leaders, Henry P. Y. Woo, and John D. Lawlor exchange traffic views. June, 29.
Traffic's blackest year (Miller). March, 32, 33. (Canada)
True to form (Today's traffic). May, 7. (Finland).
Wise youngsters--seat belt survey by driver age groups (Today's traffic). March, 7. (Australia).

FOUNDATIONS

Automotive Safety Foundation - ASF reports on 1964 grants. June, 40.
Executive of General Motors, George Russell appointed treasurer for ASF (People in the news). May, 34.
R. S. Ingersoll, executive at Borg-Warner, appointed to represent parts and equipment industry for Automotive Safety Foundation (People in the news). May, 34.
California Traffic Safety Foundation
J. Arthur Rude named managing director of CTSF succeeding E. F. Campbell (People in the news). May, 34.

GLASS

Safety glass study. March, 42.

GRADE CROSSINGS

ICC amends grade-crossing regulations. May, 14.
ICC staff report proposed 17 recommendations dealing with a varity of traffic items* (Rosenfield). Jan., 7.

Haddon, William, Jr.,

"Toward a science of accident research" (Dr. Haddon replies to a "Letter to the editor", from U. Neisser). Research Review, March, 2-3. (See the Review, Sept., 1964, 66-71, for article in question).

---

* Extract from article "1964 on Capitol Hill", Jan., 6.

Harman, Carl E.
Job within a job. May, 10-11.

Harris, George W.
Expanded NSC field staff zeroes in on specific targets. April, 12-14.

HEALTH, See MEDICAL ASPECTS

Heffernan, James P.
The dispatcher, key man in fleet safety. March, 14-15, 39.

HIGHWAYS
Construction costs up (Today's traffic). Feb., 7.
Highway advertising control mandatory program to be proposed (News from Capitol Hill). April, 6.
Michigan to up safety measures on state highways. June, 27.
Miles of roads and streets in the U. S. in 1963 with breakdowns (News from Capitol Hill). March, 12.
The President's State of the Union Message called for landscaped highways, and places of relaxation and recreation (News from Capitol Hill). April, 36.

DRIVERS
California studies "typical" driver. June, 19.
Double trouble, first London, then Oklahoma (Today's traffic). April, 7.
What's in a name? (Today's traffic). June, 11. (Back seat or co-pilot driver?)
Wrong-way driving; BPR surveys states on expressway problem. Jan., 10-11, 34-37.

HIGHWAYS - ACCIDENT LOCATION
Bureau of Public Roads established as "our first priority" a spot improvement program* (Rosenfield). Jan., 7.
Spot improvement progress. Feb., 18.
33 states participating in 182 spot improvement projects (News from Capitol Hill). June, 18.
A total of 143 federal-aid safety projects have been programmed by 31 states and the District of Columbia (News from Capitol Hill). March, 12.

HIGHWAY - CONTROLLED ACCESS
Budget authorized for the Interstate for each fiscal year 1966, and 1967 (Rosenfield)* Jan., 7.
Interstate opening rapidly. Feb., 26.
President's budget funded many programs--charges and taxes to be increased to aid the completing of the Interstate Highway system (News from Capitol Hill). April, 6.
Through traffic (Today's traffic). May, 7.
Wrong-way driving; BPR surveys states on expressway problem. Jan., 10-11, 34-37.

HOLIDAYS
Alcohol held big factor in California's July 4 crashes. Feb., 10-12, 34-35.

---

* Extract from article "1964 on Capitol Hill", Jan., 6.

HOSPITALS
Traffic accident victims occupy more hospital beds than heart disease and cancer patients combined (News from Capitol Hill). June, 17.

Imhoff, Chris
Mobilizing for driver improvement. Jan., 18-19.

INTERSECTIONS
Traffic control and roadway elements: their relationship to highway safety (Automotive Safety Foundation)(Part IV in a series of selected portions from book by same title). Research Review, March, 16-25.
See also GRADE CROSSINGS

Jackson, Ralph J.
Driver education goes to market. Jan., 12-13.

Jones, R. K.
Hoffman award presented to Norman Damon at testimonial luncheon. Jan., 20, 39.

Kodani, Ruth H.
Citizen support studied at women's conferences, May, 16-17.

LANGUAGES
Seguridad, Si! (Today's traffic). March, 7.

LEGISLATION
The lawmaker and traffic safety (Eagles). May, 12-14.
The legislative hopper. Summaries of traffic safety legislation by state listings. Jan., 17, 34; Feb., 9, 37; March, 17-18, 38-39, 42; April, 20-21, 39-40; May, 26-27, 35-40, 42; June, 25-26, 38-39. (May issue contains items from governors' budgets).
News from Capitol Hill (Rosenfield). Jan., 6-8, 39-40, 42; Feb., 19, 40, 42; March, 12, 40; April, 6, 36-37; May, 6; June, 17-18.

LETTERS FROM READERS
The mailbag. Feb., 6.

LIGHTING - STREETS
Guiding light (Today's traffic). May, 7.

Lofgren, Nils A.
Are boundaries breaking up your traffic safety efforts? March, 13, 37.

McFarland, T. David
SMV emblem identifies slow-moving vehicle. April, 26-27, 38-39.

McKinlay, Arch, Jr.
One hour in May. May, 22-25, 35.

Marx, Barbara S. and Schlesinger, Lawrence E.
"Talk-out" for teens. June, 14-16, 36-37.

MEDIANS
Land in chips (Today's traffic). March, 7.

MEDICAL ASPECTS
Eliminated by physical examinations, didn't get licenses (Today's traffic). March 7.
Medical aspects of driver licensing: medical deficiencies--detection, evaluation and reporting (Erickson and Waller). Jan., 23-24; 32-33.
Medical aspects of driver licensing: three groups seek screening procedures at National Conference. Jan., 22, 33.
Mental patients to be used in UCLA drug - driving study. April, 15.
National Conference on the Medical Aspects of Driver Safety and Driver Licensing held (News from Capitol Hill). Feb., 19, 40.

Meyer, Robert L.
One man's vision. May, 20-21.

Michael, Harold L.
"Study of school crossing protection" (Mr. Michael replies to a "letter to the editor" from V. I. van der Does-Enthoven). Research Review, March, 3-4. (See the Review June, 1964, 51-56 for article in question).

Miller, H. Gene
How safe are small cars? April, 8-10, 34-35.
The traffic record, latest traffic accident data (monthly analyses). Jan., 26-31; Feb., 28-33; March 8-10, 28-33; April, 28-33; May, 28-33; June, 30-35.
Traffic's blackest year. March, 8-10, 28-33.

MINES
Bill failed extending mandatory safety and inspection requirements of the Federal Coal Mine Act to smaller mines (Rosenfield).* Jan., 7.
President's budget funded many programs--including work on air and water pollution from mining and mineral processing (News from Capitol Hill). April, 6.

MISSION SAFETY-70
"Mission Safety-70" launched by President Johnson directed toward federal departments and agencies (News from Capitol Hill). May, 6.

Mockus, Joseph W.
School bus safety with strings attached. Feb., 14-15, 37.

MOTOR VEHICLE INDUSTRY
Miss Teenage America tours for Ford Motor Company (Today's traffic). March, 7.

MOTOR VEHICLES
Consumption of motor-fuel to increase in 1964 over 1963 (News from Capitol Hill). Feb., 42.

---

* Extract from article "1964 on Capitol Hill", Jan., 6.

MOTOR VEHICLES (cont.)

Demonstration given of car falling into water in Dade County. June, 28.
SMV emblem identifies slow-moving vehicle (McFarland). April, 26-27. 38-39.
Safety equipment (The legislative hopper). March, 38; June, 39.
Slowing down (Today's traffic). June, 11.
State highway-user tax revenues in 1964 expected to increase 6 per cent over 1963 (News from Capitol Hill). Feb., 42.

MOTOR VEHICLES - COLLISIONS

Collision tests for post office trucks. April, 28.
Traffic's blackest year, 1964 (Miller). March, 10, 28.
U. S. Bureau of Public Roads to undertake study of "tailgating" to evaluate human factors in rear-end collisions (The legislative hopper). Jan., 34.

MOTOR VEHICLES - COMMERCIAL

Announce winner of ATA President's trophy. June, 27.
Bunk a feature of the Atlas VanLines' "driver's dream moving van" (News and views). Mar., 23.
The case for double bottoms (Remsberg). June, 22-24, 37-38.
Collision tests for post office trucks. April, 28.
Job within a job (Harman). May, 10-11.
Safer tank truck loading. March, 34.
U. S. Post Office to search out personal injury causes in mail delivery trucks (News from Capitol Hill). April, 36.

MOTOR VEHICLES - DESIGN AND EQUIPMENT

Comfort plus (Today's traffic). June, 11.
Federal Trade Commission scheduled hearing on marketing of automobile tires (News from Capitol Hill). March, 40.
How safe are small cars? (Miller) April, 8-10, 34-35.
It pays to check (Today's traffic). May, 7. (Headlights).
More padding in new cars (Today's traffic). Jan., 9.
New tire specifications issued. Feb., 42.
One man's vision (Meyer). May, 20-21.
P.L. 88-515 (H.R. 1,341) requires certain safety standards, and devices on passenger-carrying vehicles purchased by federal government (Rosenfield).* Jan., 7.
President's 1966 budget funded many programs including automotive air pollution (News from Capitol Hill). April, 36.
Proposed standards for federally purchased motor vehicles (News from Capitol Hill). April, 36.
SMV emblem identifies slow-moving vehicle (McFarland). April 26-27, 38-39.
The Senate's subcommittee on Executive Reorganization of the Committee on Government Operations, to make study of traffic safety programs and policies--items from 3 day hearings (News from Capitol Hill). June, 17.
Senator Nelson introduced S.1251 to extend federal safety standards for government automobiles to all cars (News from Capitol Hill). May, 6.
Senator Ribicoff questions omission of publication of Federal Trade Commission's hearings on tire safety (News from Capitol Hill). June, 17.
Seven-point air pollution program proposed (News from Capitol Hill). Feb., 19.

---

* Extract from article "1964 on Capitol Hill", Jan., 6.

MOTOR VEHICLES - INSPECTION
AMA reaffirms inspection support. March, 35.
Announce results of 1964 national vehicle safety-check. Jan., 21.
Auto Industries conduct vehicle safety check. May, 9.
Motor vehicle inspection (The legislative hopper). Jan., 34; Feb., 9, 37; March, 38-39, 42; April, 40, 42; May, 40; June, 39.
A realistic approach to MVI (Darlington). March, 20-21.
They want inspection, Foundation makes survey (Today's traffic). Jan., 9.
Traffic accidents due to mechanical failure, indicate a range from 3 to 20 per cent (News from Capitol Hill). June, 18.

MOTOR VEHICLES - STATISTICS
Alcohol held big factor in California's July 4 crashes. Feb., 10-12, 34-35.
Assistant Secretary of Labor D. P. Moynihan says there are no standard national statistics on traffic safety that tell us what we need to know (News from Capitol Hill). June, 17.
How safe are small cars? (Miller) April, 8-10, 34-35.
1964 on the toll roads (Today's traffic). April, 7.
The role of alcohol in fatal traffic "accidents". (Campbell) March, 24-26, 36-37.
SMV emblem identifies slow-moving vehicle (McFarland). April, 26-27, 38-39.
Safer in a parachute (Rich). May, 8-9.
Sen. Ribicoff says three factors in rising traffic accident toll: travel, new and inexperienced drivers, and speed increase on older roads (News from Capitol Hill). May, 6.
Traffic control and roadway elements: their relationship to highway safety (Automotive Safety Foundation)(Pt IV, in a series of selected portions from book by same title). Research Review, March, 16-25.
Traffic's blackest year, 1964. (Miller) March, 8-10, 28-33.
The traffic record, latest traffic accident data (Miller). Jan., 26-31; Feb., 28-33; March, 8-10, 28-33; April, 28-33; May, 28-33; June, 30-35.
Wrong-way driving; BPR surveys states on expressway problem. Jan., 10-11, 34-37.
See also RESEARCH - CRASH INJURY

NATIONAL SAFETY COUNCIL
Announce new NSC field men. Feb., 27.
Bike safety promoted in summer media kit. June, 20-21, 38.
Expanded NSC field staff zeroes in on specific targets (Harris). April, 12-14.
Field courses begin in Driver Improvement Program. Feb., 8, 40.
Mobilizing for driver improvement (Imhoff). Jan., 18-19.
Paul N. Dixon joins NSC as field representative. Jan., 21.
Top safety leaders, Henry P. Y. Woo, and John D. Lawlor exchange traffic views at NSC headquarters. June, 29.

Neisser, Ulric
"Toward a science of accident research" (A letter to the editor, with reply from William Haddon, Jr.) Research Review, March, 2-3. (See the Review, Sept., 1964, 66-71, for article in question)

NEWS FROM CAPITOL HILL
News from Capitol Hill (Rosenfield). Jan., 6-8, 39-40, 42; Feb., 19, 40, 42; March, 12, 40; April, 6, 36-37; May, 6; June, 17-18.

Oates, Donald E.
Michigan holds "grass roots" traffic management and planning institutes. Feb., 13.

OBITUARIES
Papich, Rauel N.--Died January 22, 1965. April, 15.

PARACHUTING
Safer in a parachute (Rich). May, 8-9.

PARKING
Help shopping center parkers (Today's traffic). Jan., 9.

PEDESTRIANS
Alcohol held big factor in California's July 4 crashes. Feb., 10-12, 34-35.
Annual white cane safety day, proclaimed (Rosenfield).* Jan., 7.
NYC checks jaywalkers (Today's traffic). Jan., 9.
The new image of the older pedestrian (Yaksich). Feb., 22-24, 35-36.
PTA issue school pedestrian guide. June, 26.
Quick way to oblivion--CATS' study of expressway accidents (Today's traffic). May, 7.
"Study of school crossing protection" (van der Does-Enthoven). (A letter to the editor, with reply from Harold L. Michael). Research Review, March, 3-4. (See the Review June, 1964, 51-56, for article in question).
"Study of school crossing protection" (Weedon). (Dr. Weedon comments on two "letters to the editor", one from V.I. van der Does-Enthoven, one from Harold L. Michael). Research Review, March, 3-6. (See the Review, June, 1964, 51-56, for article under discussion).
Traffic's blackest year, 1964 (Miller). March, 28.

PERSONALS
Campbell, Earl F.--Assumes new capacity as special consultant to the board of directors of the California Traffic Safety Foundation (People in the news). May, 34.
Copley, Raymond L.--Driver of the year gives his wife credit for his driving success. Feb., 26.
Damon, Norman--Hoffman award presented to Mr. Damon at testimonial luncheon (Jones). Jan., 20, 39.
Ferri, James T.--Elected president of the Delaware Safety Council (People in the news). May, 34.
Gladman, Maurice--President of NTDRA elected secretary-treasurer of Auto Industries Highway Safety Committee (People in the news). May, 34.
Hall, Garnet E.--Retired from Minnesota Highway Dept. as safety director (People in the news). May, 34.
Holmes, E. H. "TED"
Fifth recipient of the "Citation for Distinguished Service" to the National Committee on Uniform Traffic Laws and Ordinances (People in the News). May, 34.

---

* Extract from article "1964 on Capitol Hill", Jan., 6.

PERSONALS (cont.)

Huntington, Milton F.--Executive director of the Maine Petroleum Association (People in the news). May, 34.

Ingersoll, Robert S.--Borg-Warner executive appointed to represent parts and equipment industry, Automotive Safety Foundation succeeding M. F. Furguson (People in the news). May, 34.

Larimer, Earl M.--Appointed safety director of Minnesota Highway Department, replacing G. E. Hall, retiring (People in the news). May, 34.

Leonard, William--Lecturer with some of his 2,840 safety signs, he uses. June, 29.

McKenney, Peter A.--Appointed executive secretary of the Maine Highway Safety committee succeeding M. F. Huntington, who went to Maine Petroleum Assn. (People in the news). May, 34.

McMullen, Richard H.--Retired from Delaware Safety Council (People in the news). May, 34.

Neyhart, Amos E.--Asked to be relieved of duties as executive secretary of the National Committee, Motor Fleet Training Supervisor (People in the news). May, 34.

Robinson, Ralph W., and Mrs. Robinson
Celebrate 60th wedding anniversary (News and views). March, 22.

Rude, J. Arthur--Named managing director of California Traffic Safety Foundation, succeeding E. F. Campbell (People in the news). May, 34.

Russell, George--Executive of General Motors, appointed treasurer for Automotive Safety Foundation (People in the news). May, 34.

Shadburn, M. L.--Elected president of the American Association of State Highway Officials, succeeding J. McMorran (People in the news). May, 34.

Snedaker, Daniel C.--Retired from Northwestern University's Traffic Institute (People in the news. May, 34.

Teetor, Ralph--One man's vision (Meyer). May, 20-21.

More people in the news, May, 34:
Campbell, Earl F.; Dresdale, Fred S.; Ferri, James T.; Furguson, Malcolm P.; Gladman, Maurice; Hall, Garnet E.; Hart, Raymond D.; Holmes, E. H. "Ted"; Huntington, Milton F.; Ingersoll, Robert S.; Intorre, Joseph; Larimer, Earl M.; McKenney, Peter A.; McMorran, J. Burch; McMullen, Richard H.; Misch, Frank W.; Neyhart, Amos E.; Rude, J. Arthur; Russell, George; Shadburn, M. L.; Snedaker, Daniel C.

POLICE

Michigan holds "grass roots" traffic management and planning institutes (Oates). Feb., 13.

Oklahoma retrains its highway patrol. March, 27.

POSTERS

British use "blood and guts" appraoch with shocking posters during Christmas season (Between stops). Feb., 5.

New posters. Monthly department.

Seguridad, si! (Today's traffic). March, 7.

PREGNANCY

Seat belts and pregnancy (Today's traffic). Feb., 7.

PSYCHOLOGICAL ASPECTS

Devices used in Detroit tests reveal driver's reaction to tension. June, 13.

The practical use of projective personality tests as accident predictors (Shaw). Research Review, June, 34-72.

The statistical estimation of individual accident liability (Sichel). Research Review, March, 8-15.

PUBLIC SUPPORT

Are boundaries breaking up your traffic safety efforts? (Lofgren). March, 13, 37.

The faceless nameless traffic statistics lack emotional impact; not so the man lost at sea, the man trapped in the mine (Between stops). March, 5.

Pyle, Howard

Corrective measures are available. March, 10.

A great opportunity....the national drivers' test. May, 25.

RADIO COMMUNICATIONS - HIGHWAY

"Hot line" for quick action (Today's traffic). Jan., 9.

Two-way radios send H.E.L.P. to motorists in distress. April, 11.

Remsberg, Oscar A.

The case for double bottoms. June, 22-24, 37-38.

RESEARCH

How safe are small cars? (Miller). April, 8-10, 34-35.

New simulator creates push-button "emergencies". March, 19, 40.

Public Health Service grant to Massachusetts Institute of Technology for simulation study of the driver in emergencies (News from Capitol Hill). Feb., 40, 42.

"Rating the driver training teacher" (Ellis). (A letter to the editor). Research Review, March, 6. (See Review June, 1964, 49-50, for article under discussion).

Senate cut back appropriations for research and home injury programs of the USPHS* (Rosenfield). Jan., 7.

The statistical estimation of individual accident liability (Sichel). Research Review, March, 8-15.

"Study of school crossing protection" (van der Does-Enthoven). (A letter to the editor, with reply from Harold L. Michael). Research Review, March, 3-4. (See the Review, June, 1964, 51-56, for article under discussion).

Three goals set for the research and development program of the Bureau of Public Roads (News from Capitol Hill). June, 18.

"Toward a science of accident research" (Letters to the editor): from Ulric Neisser, with reply from William Haddon, Jr. Research Review, March, 2-3. (See the Review, Sept., 1964, 66-71, for background article in question).

RESEARCH (cont.)
Traffic control and roadway elements: their relationship to highway safety (Automotive Safety Foundation)(Pt.IV, of a series of selected portions from book by same title). Research Review, March, 16-25.
Traffic safety research projects, a quarterly listing. Research Review, March, 26-32; June, 73-80.
U. S. Bureau of Public Roads to undertake study of "tailgating" to evaluate human factors in rear-end collisions (The legislative hopper). Jan., 34.

RESEARCH - CRASH INJURY
Collision tests for post office trucks. April, 28.
How safe are small cars? (Miller). April, 8-10, 34-35.
Stapp crash conference. May, 6.

RESEARCH - DRIVERS
California studies "typical" driver. June, 19.
Devices used in Detroit tests reveal driver's reaction to tension. June, 13.
The practical use of projective personality tests as accident predictors (Shaw). Research Review, June, 34-72.
Public Health Service to complete two research-type simulators by end of the year (News from Capitol Hill). June, 17.
"Talk-out" for teens (Marx, and Schlesinger). June, 14-16, 36-37.

Rich, C.W.G.
Safer in a parachute. May, 8-9.

ROLLER SKATES - POWERED
Pedestrian or vehicle? (Today's traffic). April, 7.

Rosenfield, Harry N.
News from Capitol Hill. Jan., 6-8, 39-40, 42; Feb., 19, 40, 42; March, 12, 40; April, 6, 36-37; May, 6; June, 17-18.
1964 on Capitol Hill. Jan., 6-8, 39-40, 42.

SAFETY EDUCATION
"Study of school crossing protection" (Dr. V. Weedon comments on two "letters to the editor", one from V. van der Does-Enthoven, one from H. Michael). Research Review, March, 3-6. (See the Review, June, 1964, 51-56 for article under discussion.

THE SAFETY LIBRARY
The safety library (Zearing, ed.). Monthly department.

Schlesinger, Lawrence E. and Marx, Barbara S.
"Talk-out" for teens. June, 14-16, 36-37.

SCHOOL BUSES
School bus safety with strings attached (Mockus). Feb., 14-15, 37.

SCHOOL CROSSINGS
"Study of school crossing protection"—("letter to the editor" from V. I. van der Does-Enthoven, reply from Harold Michael). Research Review, March, 3-4. (See Review, June, 1964, 51-56, for article in question).

SEAT BELTS
Half safe (Today's traffic). May, 7.
Seat belts (The legislative hopper). March, 38; May, 40, 42; June, 39.
Seat belts and pregnancy (Today's traffic). Feb., 7.
The secretary of commerce promulgated final standards for seat belts (News from Capitol Hill). March, 12, 40.
Sen. Williams introduced S.1165 to require belts in vehicles used by common carriers in passenger transportation (News from Capitol Hill). May, 6.
Tornado tested (Today's traffic). June, 11.
U. S. Dept. of Commerce proposed adopting SAE standards as regulations under the seat-belt standards act of Dec. 1963, P.L. 88-201* (Rosenfield). Jan., 7.
Wise youngsters--seat belt survey by driver age groups (Today's traffic). March, 7.
Yellow Cab Company installs seat belts (Between stops). Jan., 5.

Shaw, Lynette
The practical use of projective personality tests as accident predictors. Research Review, June, 34-72.

Sichel, Herbert S.
The statistical estimation of individual accident liability. Research Review, March, 8-15

SIGNS
William Leonard with some of the 2,840 safety signs he uses in talks. June, 29.

SIMULATORS
New simulator creates push-button "emergencies" for the driver. March, 19, 40.

Sommerville, Robert L.
Shaking hands by proxy. Feb., 16-18.

SPEED
One man's vision (Meyer). May, 20-21.
Speed limits (The legislative hopper). March, 38; May, 42; June, 39.

STAMPS
Traffic safety stamp. May, 14.

---

* Extract from article "1964 on Capitol Hill", Jan., 6.

TELEVISION PROGRAMS
The great TV traffic test. April, 22-23.
One hour in May (McKinlay). May, 22-25, 35.

TODAY'S TRAFFIC
Today's traffic. Monthly department.

TRAFFIC
Problems of megalopolis discussed at convention. June, 27.

TRAFFIC - CONTROL DEVICES
Michigan to up safety measures. June, 27.
The new image of the older pedestrian (Yaksich). Feb., 35-36.
Reflectorized white on green markers being used in Detroit (Today's traffic). April, 7.
Six times safer--electronic eye regulates signal-light timing in Hamburg (Today's traffic). June, 11.
Talking traffic signals in Los Angeles (Today's traffic). April, 7.
Traffic control and roadway elements: their relationship to highway safety (Automotive Safety Foundation)(Part IV, in a series of selected portions from book by same title). Research Review, March, 16-25.
Wrong-way driving; BPR surveys states on expressway problem. Jan., 10-11, 34-37.

TRAFFIC COURTS
Signs of success--off-beat sentences are effective (Today's traffic). Feb., 7.
Sin of omission (Today's traffic). Feb., 7.
Why bail in traffic cases (Donigan). June, 8-10, 39-40.

TRAFFIC - PROGRAMS
Are boundaries breaking up your traffic safety efforts? (Lofgren) March, 13, 37.
Corrective measures are available (Pyle). March, 10.
Driver improvement in Iowa (Adams). June, 12-13, 38.
Expanded NSC field staff zeroes in on specific targets (Harris). April, 12-14.
North Carolina governor lays it on the line. June, 19.
Ohio forms highway safety committee. Feb., 6.
The Senate's Subcommittee on Executive Reorganization of the Committee on Government Operations, to make study of traffic safety programs and policies (News from Capitol Hill). June, 17.
A step-up of 65 per cent needed to achieve minimum goals of the Action Program* (Rosenfield). Jan., 42.
Twenty-five governors speak up for safety. April, 16-17, 37-38.

TRANSPORTATION
ICC investigated explosion of semi-trailer loaded with dynamite, etc., which started with tire fire (News from Capitol Hill). Feb., 42.

---

* Extract from article "1964 on Capitol Hill", Jan., 6.

TRANSPORTATION (cont.)
Increase in grants under the Urben Mass Transportation Act of 1964 (News from Capitol Hill). April, 6.
North American Aviation gets contract for a study of proposed statewide transportation system in California (The legislative hopper). May, 36.
P.L.88-365 (S.6), the Mass Urban Transportation Act, called a most significant measure of the 1960's (Rosenfield).* Jan., 7.

TRANSIT INDUSTRY
How we train the men who train our drivers (Baker). April, 24-25, 36-37.
Shaking hands by proxy (Sommerville). Feb., 16-18.

TRANQUILIZERS, see ALCOHOL; DRUGS

U. S. MILITARY SERVICES
Memorandum reminds soldiers of techniques of safe winter driving (News and views). March, 22.
Motor vehicle fleet experience for Dept. of Defense good; private motor vehicle accidents rank first in number of deaths and man-days lost from duty (News from Capitol Hill). June, 18.
Safer in a parachute (Rich). May, 8-9.

U. S. GOVERNMENT ACTIVITIES
Collision tests for post office trucks, April, 28.
Hearings completed on proposed amendments to health and safety regulations under the Walsh-Healey Public Contracts Act (Rosenfield).* Jan., 6.
The lawmaker and traffic safety (Eagles). May, 12-14.
"Mission Safety-70" launched by President Johnson, directed toward federal departments and agencies (News from Capitol Hill). May, 6.
1964 on Capitol Hill (Rosenfield). Jan., 6-8, 39-40, 42.
Post Office Department reduced its urban motor vehicle accident rate from 130 per million miles driven in 1953, to 30 in 1964 (News from Capitol Hill). June, 17.
The President's budget for 1966 fiscal year funded many safety programs (News from Capitol Hill). April, 6, 36-37.
Reasons for success in ICC's motor vehicle safety program (News from Capitol Hill). June, 17.
The Senate's Subcommittee on Executive Reorganization of the Committee on Government Operations, to make study of traffic safety programs and policies (News from Capitol Hill). June, 17.
U. S. Post Office with help from GE, to search out personal injury causes in mail delivery truck service (News from Capitol Hill). April, 36.

van der Does-Enthoven, V. I.
"Study of school crossing protection" (A letter to the editor, with reply from Harold L. Michael). Research Review, March, 3-4. (See Review, June 1964, 51-56 for article in question).

1413B

AN INDEX FOR

Traffic Safety and its quarterly supplement Research Review, combined into one alphabetical list by author and subject.

July-December, 1965

ACCIDENTS

Can happen to anyone (Today's traffic). Aug., 9.
Cut canine collisions in Great Britain (Today's traffic). Sept., 7.
IIHS reports 1964 rise in insurance claim rate. Aug., 17.
International statistical comparisons require some footnotes (Between stops). July, 5.
Lives the Interstate Highway System will save after its completion in 1972 (News from Capitol Hill). Dec., 35.
Low toll on tollways Memorial Day weekend (Today's traffic). July 9.
More about small cars (Miller). Oct., 16, 42.
NSC announces accident data project, Charles S. Michalski to head new operation. July, 14.
The roadside distraction (Blanche). (A study of accidents in the N. J. Garden State Parkway). Nov., 24-25, 36-37.
Saturday most dangerous driving day of the week (Between stops). Nov., 5.
Simple solution to accidents--a weekly car wash (Today's traffic). July, 9.
Steering committee of newly activated Traffic Accident Data Project, group picture. Dec., 11.
Toll down on toll roads (Today's traffic). Dec., 7.
Traffic accident facts, 1965 edition. Aug., 13-16.
The traffic record, latest traffic accident data (Miller). Monthly department.

ADVERTISING

Speed advertising (News from Capitol Hill). Dec., 6, 35.
Watch out for the other guy; 1965 Ad Council campaign (Burroughs). July 10-13, 38-39.

AIR POLLUTION

Proposals endorsed for the establishment of federal emission standards for the automotive vehicle (News from Capitol Hill). Nov., 35.
S. 306 hearings completed--items on exhaust emissions, controls; air pollution control laboratory; solid waste disposal; inspection programs (News from Capitol Hill). July, 8; Dec., 6.
S. 1670 (Ribicoff plus others) introduced to encourage abatement of water and air pollution (News from Capitol Hill). July, 8.
Smelling like a rose (Today's traffic). Dec., 7.

Akers, John M.

Fleet safety starts at the top. Oct., 12-13, 37-38.

ALCOHOL

Alcohol testing--chemical tests legislation (Today's traffic). Dec., 7.
Beer packin' cowboy (Test talk). July, 6.
Can order the "cure" (Today's traffic). Oct., 7.

ALCOHOL (cont.)
Chemical tests--drunk driving--narcotic drugs (The legislative hopper). July, 26; Aug., 24; Sept., 14; Oct., 20; Nov., 26.
Do-it-yourself breath testers (Today's traffic). Nov., 7.
Drunk driving "out" in France (Today's traffic). Nov., 7.
International Conference on Alcohol and Traffic Safety, to be held at Indiana University, December 6, 1965. July, 6, 34.
New alcohol involvement form (Test talk). July, 6.
Now there are three (Today's traffic). Oct., 7.
Tipsy cyclist punished (Today's traffic). Sept., 7.
Traffic accident facts, 1965 edition. Aug., 16.
Unusual procedure, demonstration fizzled (Test talk). July, 6.

ALCOHOLISM
Recommendations of conference on legal issues of alcoholism. Sept., 21.

AMBULANCES
NSC publishes guide for ambulance operators. July, 15.
Silent ambulances (Today's traffic). Nov., 7.
What's the real trouble with ambulance services? (Waller). Oct., 10-11, 35.

ANIMALS
Cut canine collisions in Great Britain (Today's traffic). Sept., 7.

ARMY
Arizona army post adopts DIP. Dec., 8.

AWARDS
Announce Matson award winner. Sept., 21.
Announce safety check winners of the 1965 National Vehicle Safety Check. Oct., 27.
Announce winners of Public Service Awards. Oct., 14-15.
Announce winners of Sloan radio-TV awards. July, 15.
Another "first" for Joseph M. Kaplan. Oct., 27.
Award for traffic safety story (Today's traffic). Oct., 7.
Award made to Eastern Greyhound Lines by Indiana Toll Road commission. Nov., 23.
Charles Wright got the Washington "precinct of the year" award. Nov., 22.
Court awards made by American Bar Association. Nov., 15.
Doctor Kenney honored for safety efforts. Sept., 24.
Driver education achievement program awards announced by Insurance Institute for Highway Safety. Dec., 27.
Driver of the Year award given to George Gill. Nov., 23.
Gerald W. Patterson received the 100th "million miler club" pin. Nov., 22.
IACP announces awards. Nov., 15.
Mr. Safety Award given to Sacramento Safety Council president, James O. Burpo. Nov., 23.
North Carolina Motor Carriers Association honored. Dec., 36.
Open nominations for Hoffman award. Sept., 11.
Paul Blaisdell honored. Dec., 42.
Recipients of the Metropolitan Life awards for research in accident prevention for 1965. Research Review, Dec., 98-100.

AWARDS (cont.)
Ross MacFarland wins Arthur Williams medal. Aug., 17.
Walter B. Lashar, Jr. received award as outgoing chairman of the testing subcommittee of the Committee on Winter Driving Hazards. Nov., 23.
Wayne R. Gingrich, driver for Eastern Greyhound, gets award for 35 year record. Nov., 23.
Winners of ATA safety writing competition announced. July, 40.
See also PERSONALS

AWARDS - NATIONAL SAFETY COUNCIL
Announce motor transportation and traffic programs for Congress (fleet contest). Oct., 17.
Announce 1965 winners of Trustees Award. Oct., 19, 42.
Announce winners of Public Service Awards. Oct., 14-15.
Flame of Life awards made at Congress. Dec., 10.
Marcus A. Dow award winner. Patrick A. Sirois at awards luncheon, NSC Congress. Dec., 12.
Patrick A. Sirois wins 1964 Marcus A. Dow memorial award. Aug., 12.
Photograph: looking towards speaker's table, National Fleet Safety Contest Award Luncheon sponsored by GM. Dec., 12.
Small cities walk off with top traffic inventory awards (Kirby). Aug., 10-11, 37-38.

BELTS AND HARNESSES
ASBC test changes. July, 39.
"Crunchy" to help answer seat belt question. Sept., 12.
A follow-up study of seat belt usage (abstract) (Manheimer and others). Research Review, Dec., 99-100.
New York is on the ball--rear seat belts mandatory (Today's traffic). Oct., 7.
Organized labor backs seat belts. Oct., 27, 38.
Seat belt gains--Army group has buying spree (Today's traffic). Nov., 7.
Study seat belts in school buses. July, 17.
Traffic accident facts, 1965 edition. Aug., 16.
U. S. Department of Commerce issued final revised seat belt regulations dealing with lap belt, and safety harnesses for adults and children (News from Capitol Hill). Oct., 34.

BETWEEN STOPS
Between stops. Monthly department.

BILLBOARDS
Outdoor advertising after Jan. 1, 1968 to be state controlled, federal aid involved (News from Capitol Hill) (Rosenfield). Aug., 8; Nov., 35; Dec., 6.

Blanche, Ernest E.
The roadside distraction. Nov., 24-25, 36-37.

BOOK REVIEWS
Urban transportation--the federal role (Safety library). By George M. Smerk. July, 40.

BROADCASTS
Announce winners of Public Service Awards. Oct., 14.
Announce winners of Sloan radio-TV awards. July, 15.
Chicago's eyes in the sky (Flaherty). Sept., 8-10, 37.
Public to get second chance at National Drivers Test. Aug., 22-23.
Radio series turns spotlight on the American automobile. Aug., 29.
26 million viewers see the CBS National Drivers Test. July 7, 38-39.
Watch out for the other guy (Burroughs). July, 10-13, 38-39.
Will you be ready when the snow falls? (Suino). Aug., 39-40.

Burroughs, Marie
Watch out for the other guy. July, 10-13, 38-39.

BUSES
"Crunchy" to help answer seat belt question. Sept., 12.
Study seat belts in school buses. July, 17.
Ten ways to improve bus operator training (Wooten). Sept., 16-17.

CARTOONS
Announce winners of Public Service Awards--cartoon by Kenneth J. Dolan. Oct., 14.

Comiskey, Hugh L.
How to keep off-highway trucks in top condition. July, 16-17.

COMMUNICATIONS
Planning for highway safety (Hutchinson). Research Review, Sept., 84-85.
The safety communications workshop--a view from the podium (McKinlay). Oct., 24-26, 36-37.
See also BROADCASTS

COMPUTERS
Computer used by Cornell in intersection research project. Dec., 37, 42.

CONFERENCES
Alcohol conference. July, 6, 34.
Coming events. Monthly department.
Governors' support the Action Program for Highway Safety; suggest need for national conference (News from Capitol Hill). Nov., 6.
Recommendations of conference on legal issues of alcoholism. Sept., 21.
Traffic court conference at Emory University Law School. Sept., 21.
Traffic engineers meet in historic Boston (Corgill). Dec., 19, 42.
Workshop on medical advisory committees. Sept., 25, 36-37.

CONTESTS, See AWARDS

Corgill, William E.
Traffic engineers meet in historic Boston. Dec., 19, 42.

COSTS
Fleet safety programing pays dividends (Emond). Nov., 20-21.
IIHS reports 1964 rise in auto insurance claim rate. Aug., 17.
Traffic accident facts, 1965 edition. Aug., 13-14.

COURTS
Court awards made by American Bar Association. Nov., 15.

CRASH RESEARCH, see RESEARCH

Daniel, R. P. and Patrick, L. M.
Comparison of standard and experimental windshields (abstract). Research Review, Dec., 99.

DAYS AND WEEKS
Bill passed authorizing and requesting the President to proclaim Sept. 3, 1965 as "Crusade for Safety Day" (News from Capitol Hill). Nov., 6. (Revised information: date set for Nov. 26, 1965).
President proclaimed the week beginning Sept. 19, 1965, as National Highway Week (News from Capitol Hill). Nov., 35; Dec., 35.

DESIGN
Department of Commerce released study by Cornell Aeronautical Laboratories on car of the 1980's (News from Capitol Hill). July, 8.
GSA items required for federally purchased cars most in controversy at Ribicoff hearings (News from Capitol Hill). Oct., 34.
General Services Administration issued in its final form specifications and standards for safety devices on federal automotive vehicles pursuant to Public Law 88-515 (News from Capitol Hill). Sept., 19.
Glass and accidents to cars (Today's traffic). Nov., 7.
Motor vehicle equipment (The legislative hopper). July, 26; Aug., 25, 42; Sept., 40; Oct., 39; Nov., 39, 40; Dec., 15.
Proposals endorsed for the establishment of federal emission standards for the automotive vehicle (News from Capitol Hill). Nov., 35.
Radio series turns spotlight on the American automobile. Aug., 29.
S. 306 hearings completed--items on exhaust emissions, controls; air pollution control laboratory; solid waste disposal; and inspection programs (News from Capitol Hill). July, 8.
Senator Ribicoff disappointed in aspects of Commerce Dept.'s Committee Report on Transportation Research which gave car manufacturers an excuse for inaction in safety design (News from Capitol Hill) (Rosenfield). Aug., 36.
Significant legislation (Today's traffic). Sept., 7. (Auto smog in California).
The Vehicle Equipment Safety Commission, what it is, what it does. July, 20.

DRIVER IMPROVEMENT PROGRAM (DIP), See DRIVERS - TRAINING

DRIVERS
Doctors "prescribe" for highway safety. Nov., 16-18, 37.
Drivers rate themselves (Today's traffic). Dec., 7.
Juvenile drivers (The legislative hopper). July, 26; Aug., 24-25; Sept., 35; Oct., 39; Nov., 26-27.
Safe driving pledge--citizens' safety council, Johnstown, Pa., (facsimile of). Oct., 14.

DRIVERS - COMMERCIAL, see FLEETS

DRIVERS - TRAINING
Allstate scholarships. July, 40.
Arizona army post adopts DIP. Dec., 8.
Driver education achievement program awards announced by Insurance Institute for Highway Safety. Dec., 27.
Driver education and improvement schools (The legislative hopper). July, 26; Aug., 24; Sept., 14; Oct., 20; Nov., 26.
Driver improvement course for Ohio women's clubs. Nov., 23.
A man named Smith (Meyer). Nov. 12-14, 37-38.
NSC's Driver Improvement Program gains momentum in Oklahoma City (Goss). Sept., 6, 37-38.
Packard Electric sponsors DIP. Oct., 42.
Public to get second chance at National Drivers Test. Aug., 22-23.
Travels far standing still--ITTE driving simulator laboratory (Today's traffic). Sept., 7.
26 million viewers see the CBS National Drivers Test. July, 7, 38-39.
Watch out for the other guy (Burroughs). July, 10-13, 38-39.
Women's groups in Ohio stress NSC driver improvement course. Nov., 23.

DRUGS
Illegal to tote drugs in your car in New Jersey (Test talk). July, 6.
P.L. 89-74 signed into law, to establish controls over depressants and stimulants, sold at truck stops (News from Capitol Hill). Oct., 34.

Emond, E. J.
Fleet safety programing pays dividends. Nov., 20-21.

ENFORCEMENT
Accent on enforcement in Detroit (Today's traffic). Sept., 7.
Compulsory TV viewing (Today's traffic). Dec., 7.
A family affair (Today's traffic). July, 9.
Special breed of offense in Brazil (Today's traffic). July, 9.
Traffic court conference at Emory University Law School. Sept., 21.
Traffic safety a "dirty word" (Today's traffic). Oct., 7.
See also POLICE

ENGINEERING
Getting public support for engineering in the small community. July, 19.
Needed--a traffic engineer (Stevens). July, 18-19, 36.
Traffic engineers and driver behavior (Forbes). Research Review, Sept., 87-89.
Traffic engineers meet in historic Boston (Corgill). Dec., 19, 42.

FATIGUE
Desert rest stop for Utah drivers (Goff). Sept., 13, 38-39.
Study driver fatigue. July, 39.

Fee, Dwight
North Carolina legislature makes safety history. Oct., 8-9, 34.

Flaherty, John J.
Chicago's eyes in the sky. Sept., 8-10, 37.

FLEETS
Announce motor transportation and traffic programs for Congress. Oct., 17.
Commercial transport asked to reduce accidents involving transportation of dangerous commodities; to comply with ICC regulations (News from Capitol Hill). Dec., 36.
Fleet safety programing pays dividends (Emond). Nov., 20-21.
Fleet safety starts at the top (Akers). Oct., 12-13, 37-38.
Gerald W. Patterson receives the 100th "Million miler club" pin. Nov., 22.
Grow or go (Sirois). Dec., 24-25, 40.
How to keep off-highway trucks in top condition (Comiskey). July, 16-17.
Loading rack fires, what causes them, how to prevent them (Runes). Aug., 26-27, 37.
A man named Smith (Meyer). Nov., 12-14, 37-38.
Motor transport; fleets (The legislative hopper). July, 26; Aug. 25; Sept., 34-35; Oct., 38; Nov., 26; Dec., 15.
North Carolina Motor Carriers honored. Dec., 36.
P.L. 89-170 (H.R. 5401). Law passed to regulate "illegal truckers" (News from Capitol Hill). Aug., 36; Oct., 34; Dec., 36.
